Cage Valve for Severe Service

Type 3595 Cage Valve

- Available with globe-style and angle-style bodies
- Robust design thanks to the piston guided through the entire travel range
- Optional trims for liquids and gases to reduce noise and wear
- Minimum distance between piston and cage minimizes vibrations

Valve size	NPS ¾ to 32
Pressure rating	Class 150 to 2500
Temperatures	Up to 1292 °F Up to 700 °C
Materials	A216 WCC, A217 WC6, A351 CF8M (Other materials on request)
Type of connection	Flanges: all ANSI versions Welding ends according to ANSI B16.25
Leakage class	IV, V and VI (depending on version)
Characteristic	Equal percentage, linear or quick opening
